

# Hundreds Chart

With each day, mark off the number on the chart with a crayon, marker, or sticker. Challenge your child to count up, down, or skip by 2's, 5's, 10's to explore different numbers and counting concepts. Hang the chart up on a wall or refrigerator to show off your child's work and celebrate her accomplishment when she reaches 100!

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

# Hundreds Grid

Cut the grid into 1-, 5-, and 10- unit block counters to use with your child's Hundreds Chart to explore the concept of concrete number values.
